

The GLA

Mercedes-Benz

City. Country. City.

As much on the go as you. The new GLA is the ultimate companion for a busy and varied life.

The image shows the interior of a Mercedes-Benz GLA. The view is from the driver's side looking towards the passenger side. The dashboard and center console are dark with a horizontal light bar. The passenger seat is upholstered in red leather. The door panel also features red leather and a light bar. The side mirror is visible, reflecting the exterior. The background shows a modern building with a glass facade and a traditional building with red-tiled roofs.

Turns every zone into a comfort zone.

The new GLA is equipped with everything that makes your drive even more pleasant. The interior combines a sense of space with sportiness and top-quality materials. At the same time, the new compact SUV is more functional than ever before and always adapts to your needs.

Sporty from every perspective.

The progressive design gives the compact SUV a sense of dynamism and elegance that is reinforced by the emphasis on the angled planes.

Nice to meet you.

You can talk to MBUX any time: the multimedia system from Mercedes-Benz is innovative, intuitive and intelligent. And connects you with your digital world.

A man and a woman are sitting in the back of a car, looking out the window. The man is wearing a blue and white patterned shirt over a white t-shirt. The woman is wearing a light-colored jacket over a blue top. They are surrounded by several large stuffed animals, including a brown bear, a white lamb, and a giraffe. The background shows a city street with buildings and a car.

Just climb aboard.

The new GLA will support you in every situation. From the safety assistants to the operating system, which gets to know you better each time you interact with it. It adapts to your lifestyle as well as to the terrain in which you drive. Arrange a test drive now and get to know the new Mercedes-Benz GLA for yourself.

Ambient lighting.

Showcase the interior according to your personal preferences or current mood. The 64 colours of the ambient lighting create fascinating colour schemes, for example in the illuminated air vents, doors or the instrument panel.

Ease of operation.

Revolutionary voice control, cutting-edge operating convenience and a new level of personalisation make the new GLA the state of the art. Operating a car has never felt so natural.

Widescreen Cockpit.

Keeping an eye on everything. The Widescreen Cockpit in the new GLA impresses with its sharpness and clarity. For simple and swift navigation through your car's menus.

Head-up display.

The best outlook for sporty driving enjoyment and an assured driving experience: the head-up display transforms your windscreen into a stunning digital cockpit. This means you always have a direct view of key information. Your full attention remains on the road and the traffic conditions in front of you.

Generous space concept.

Life needs space. The new GLA is well thought out in every detail and offers even more functionality for any occasion.

MULTIBEAM LED.

Giving you perfect visibility: the adaptive MULTIBEAM LED headlamps react with individually controllable LEDs to the traffic situation. Partial main beam masks out other road users without dazzling them. And the cornering and active light functions illuminate the field of vision optimally so that you can detect hazards sooner.

50.8 cm (20-inch) AMG light-alloy wheels.

Self-assured. On and off the road. On 50.8 cm (20-inch) AMG light-alloy wheels, the new GLA is equally at home in the mountains or in the city.

Second seat row with longitudinal adjustment.

Grows with your needs. The second seat row can be longitudinally adjusted.

Standard equipment and appointments.

Expressive, signature SUV design meets trailblazing technologies – even in the standard specification: the Mercedes GLA will thrill you immediately, for example with the MBUX multimedia system or with the seats upholstered in ARTICO man-made leather. Sophisticated driving assistance systems, such as Active Brake Assist, underscore the high standard of safety.

The Style design and equipment line.

With the Style design and equipment line your vehicle stands out from the standard specification – with a high-quality appearance both inside and out. This includes additional features such as the specific and aerodynamically optimised 17-inch light-alloy wheels, plus upholstery and topstitching exclusive to this line.

The Progressive design and equipment line.

The Progressive design and equipment line substantially enhances your car. Added value you can see and feel. Enjoy high-quality technology and experience the unique, expressive SUV lifestyle. In addition, the line opens up the possibility of further attractive combinations both inside and out – for example with the Leather package and Night package.

The AMG Line.

The AMG Line boosts your vehicle's attractive sporty appearance both on the exterior and in the interior. The AMG bodystyling with AMG rear apron in a diffuser look and the diamond radiator grille, in particular, are exclusive features. The sports seats impress with optimal seating comfort behind the sports steering wheel finished in fine nappa leather and featuring a flattened bottom section.

DYNAMIC SELECT.

Just drive as you want to. At the press of a button DYNAMIC SELECT offers different drive programmes with setting options for the engine, transmission, suspension and steering, for instance. In “Sport” mode the vehicle is more dynamic, while in the basic “Comfort” mode its setup is exceptionally balanced. “ECO”, on the other hand, places the emphasis on maximum efficiency and saves fuel and money.

4MATIC.

The new GLA roams free: the enhanced 4MATIC permanent all-wheel drive ensures the necessary traction, whatever the terrain or road conditions – including snow or loose surfaces. So giving the new GLA its outstanding off-road performance.

Instant performance.

A Mercedes-AMG is a clear statement. One you can experience with all the senses. An experience you consciously choose to have. Whether it's design or output, form or function: every one of our vehicles expresses passion for perfection and performance in sound, style and joie de vivre. Driving a Mercedes-AMG is an expressive experience you want to repeat over and over again. A perfect symbiosis of performance and style. With a Mercedes-AMG you are guaranteed to make a powerful impression with no compromises.

It is time for your AMG experience!

The best for the engine:
Mercedes-Benz genuine engine oils.

¹ Information about the rated output according to Regulation (EC) No. 715/2007 in the currently valid version. ² Available temporarily. ³ Electronically governed. ⁴ The stated figures were determined according to the prescribed measurement method. They constitute the "NEDC CO₂ figures" pursuant to Article 2 No. 1 Implementing Regulation (EU) 2017/1153. Fuel consumption figures have been calculated on this basis. More information about the official fuel consumption and the official specific CO₂ emissions of new passenger cars is available in the publication entitled "Leitfaden über den Kraftstoffverbrauch, die CO₂-Emissionen und den Stromverbrauch neuer Personenkraftwagen" ["Guidelines concerning the fuel consumption, CO₂ emissions and electricity consumption of new passenger cars"], available free of charge at all retailers and from Deutsche Automobil Treuhand GmbH (www.dat.de). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models. The figures will vary according to the optional equipment selected. ⁵ Information only valid within the European Union. May vary from country to country. ⁶ Determined on the basis of the measured CO₂ emissions, taking into consideration the vehicle mass. Only valid for Germany. ^{*}Weighted electrical consumption (kWh/100 km)/Electric range (km): XXXXXXXX.
Further technical data may be found at

Dimensions.

All figures in millimetres. The pictured dimensions are mean values. They are valid for vehicles with standard equipment and in unladen condition.

SPORT — F O R — GOOD

Mercedes-Benz AG is one of the founding partners of the worldwide “Laureus Sport for Good Foundation”, which was established in 2000. It is the Mercedes-Benz brand's most important social initiative. Laureus Sport for Good supports children and young people in need through social sports projects, opening up new perspectives and imparting important values such as team spirit, respect and determination. “Change the Game for Kids” is our mission statement which we wish to share with you.

Please note: Changes may have been made to the product since the editorial deadline on 06.10.2020. The manufacturer reserves the right to make changes to the design, form, colour and the product specification during the delivery period, provided these changes, while taking into account the interests of the seller, can be deemed reasonable with respect to the buyer. Where the seller or the manufacturer uses symbols or numbers to describe an order or the

subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. For the definitive latest information, please contact your nearest authorised Mercedes-Benz AG dealer.
